

Let the Little Children Come

The Creation Song

1. **G C G C**
In the beginning, there wasn't any sky.
G C Am
There wasn't any earth to walk upon.
G C
So then God made a start
G C
By separating dark
G F D
From light, and Day and Night became day "One".
A Em A Em A Em-D-A
Hallelujah, hallelujah, hallelujah.
2. But still He wasn't through.
It then became day "two."
He spent the day by separating waters.
The ones high up above,
The ones far down below,
And Heaven was between them Don you know?
Hallelujah, hallelujah, hallelujah.
3. The third day came around.
Twas then He made the ground.
And on day three He also made a tree,
And all the plants and seeds
Where nothing once had stood.
And looking 'round, God saw that it was good.
Hallelujah, hallelujah, hallelujah.
4. And then it was "day four," and still God worked some more.
He made the lights to rule the days and nights.
Light upon the earth and time for us to grow,
And God saw it was good, don't you know.
Hallelujah, hallelujah, hallelujah.
5. Another day had gone,
But still God's work went on,
For on "day five" the creatures came alive.
The ones within the sea,

Let the Little Children Come

The birds high in the air,
And God saw it was good and blessed them there.
Hallelujah, hallelujah, hallelujah.

6. The next day God decreed
A new and different breed
But cattle He made first upon the earth,
And other creeping things.
The sixth day was at hand,
He brought forth all the beasts upon the land.
Hallelujah, Hallelujah, hallelujah.

7. And on that very day,
God had some more to say,
For by His word He then created Man
In male and female for,
In His own image; so
That God saw it was very good, you know
Hallelujah, hallelujah, hallelujah.

8. Well, everything was through.
The "seventh" day was new.
God finished all the work which He had done.
And so He blest the day
And hallowed it because
God rested after all the work it was.
Hallelujah, hallelujah, hallelujah

Hallelujah, hallelujah, hallelujah!

"Now, wasn't that nice of God?"
"Yeh!"

One Family

1. **G** **Am**
Long ago in a faraway land, God planted a garden and made it grow.
G **Am** **D**
And in that garden He made Himself a man, but that man was so
G
lonely, oh...
C **G** **Am** **G**
Because he needed a friend. God knows that one won't do.
C **G** **Am** **D** **G**
He needed a friend, and that's why God changed one to two.
2. **G** **Am**
He made that man fall fast asleep and from him took an old rib bone.
G **Am** **D**
And from that rib, He made the man a friend to keep that man from
G
being alone,
C **G** **Am** **G**
But then, they fell in love. God knows how that can be.
C **G** **Am** **D** **G**
They fell in love, and that's why God changed two to three.
3. **G** **Am**
Now Adam was the first man's name, and Eve it was his wife became.
G **Am** **D**
The two of them had children, too; and on and on and
G
on till you.
C **G** **Am** **G**
So now, let's all be friends. We're all one family.
C **G** **Am** **D** **G**
Let's all be friends, 'cause that's why God made you and me.

The Creation Song 2

1. In the beginning there wasn't any sky.
There wasn't any earth to walk upon.
So then God made a start
By separating dark
From light, and day and night became day "one."
Hallelujah, hallelujah, hallelujah.

2. And Jesus was the light to shine upon the earth
Before the earth had even yet been made.
And, later, as a man
His light was here to show
How much God loves us all, don't you know?
Hallelujah, hallelujah, hallelujah.

3. But still He wasn't through.
It then became day "two."
He spent the day by separating waters:
The ones high up above,
The ones far down below,
And Heaven was between them, don't you know?
Hallelujah, hallelujah, hallelujah.

4. A voice from Heaven came,
Like rainbows after rain,
To say that Jesus was the Son of God;
And what was in the light
Was there for us to see –
The dove of Peace and Truth, for you and me.
Hallelujah, hallelujah, hallelujah.

You Reached Out

- Em Am**
You reached out and didn't even know it.

Em Am
Someone's touched and couldn't really show it.

Am Dm Em
But a life is changed

Am Dm
By something you have done;

Am Em Am Em Dm
And in your heart, you'll never be the same.
- Em Am**
You reach out and never even know it.

Em Am
Someone's soul is touched and set aglow. It

Am Dm Em
Makes a world that's new

Am Dm Em
Be-cause of what you do;

Am Em Am En Dm
And life will never be the way it was.
- Em Am**
You reached out and didn't really know it.

Em Am
Someone's touched and couldn't even show it.

Am Dm Em
Not a shout was heard;

Am Dm Em
With-out a single word,

Am Em Am Em Am
You've changed the whole of that which ever was.

Open all Your Windows

1. **C** **Em**
Open all your windows
- A** **D**
Open all your doors.
- G** **C** **D** **A**
Let the light inside you light the whole outdoors.
- C** **Em**
Push aside the curtains.
- A** **Em**
Open all the blinds.
- A** **D** **F** **A**
Let the light inside you be the love one finds.

F **A**
For you're a child of God,

F **A**
And as a child of God,

F **A**
Let your light shine!

2. Tell someone you like him.
Give someone a smile.
Take the lonely to your heart and walk with them awhile.
Find someone who needs you,
The lost who must be found.
And pretty soon your light will light each "house" in town.

For you're a child of God,
And as a child of God
Spread your light "round!

REPEAT VERSE 1.

Let your light shine!....Let your light shine.

Apple Seeds Grow Apple Trees

1. **C** **D** **C** **D**
God sent us an apple seed to plant within the ground

G **D** **A**
And then He sent the sun and rain around,

G **D** **C**
So that small seed would someday grow

D **A**
Into an apple tree, you know.

2. And in that same way, God sent us a special seed of love;
 He "watered" it and sent "Light" from above.
 A tiny seed to grow from birth
 Into God's Kingdom here on earth.

3. Apple seeds grow apple trees; some bear fruit large, some small,
 But seeds of love grow up to feed us all.
 So thank you, God, for your great love
 And for the food sent from above.

G **D** **C**
So thank you, God, for your great love
 D **G**
And for the food sent from above.
