

It's All in The Cooking

Have you ever thought that life is lot like baking?

And that people are a lot like the ingredients of a cake?

Some are sweet, like the sugar.

Some are a bit bland and tasteless, like the flour.

Some are even a bit slimy or oily, like the eggs and shortening

There are some who are with us just to stabilize those who fall apart easily, like cream of tartar

And some who make others "taste" better, like salt.

And there are even some who smell wonderful, but you wouldn't invite them over for dinner, like vanilla.

But...

You mix them all together with a beater we call earth...

And you turn the bowl around, as the earth goes 'round the sun...

And you add a little heat with the fire of the Holy Spirit...

And voile! Everything is changed!

And an Angel Food cake is formed.
